Discussion of claim rejections under 35 U.S.C. 103(a)

In the outstanding Office Action mailed on 2006/11/25, the Examiner rejected Claims 1-4 and 10 under 35 USC 103(a) as being unpatentable over Tung in view of Wen. The outstanding Office Action rejected Claims 5 and 9 under 35 USC 103(a) as being unpatentable Tung in view of Wen, and further in view of Du. Claims 6-8 are objected to, would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Applicant believes that claims 1-10 also recite allowable subject matter without any further amendments. However, to expedite prosecution, Applicant has amended independent claim 1 to recite allowable subject matter. Specifically, Applicant has amended independent claim 1 to include subject matter recited in claim 6 which the Examiner indicated was allowable. Applicant has also canceled claim 6 without prejudice or disclaimer. Accordingly, Applicant submits that claims 1-5 and 7-10 are allowable.

In view of the foregoing remarks, Applicant submits that this application is in condition for allowance. Applicant therefore requests the Examiner's reconsideration of the application, and the timely allowance of the pending claims.
